Figment DMX™

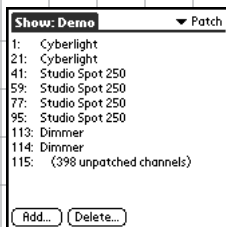

The first handheld DMX control solution to bridge the gap between handheld DMX test equipment and full-sized desktop consoles.

Features include:

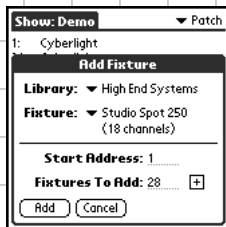

- Full Moving Light Console.
- Conventional Stage Views.
- Customizable Cue Lists.
- Playback Controls.
- Keypad Command Entry.
- Fixture Patching.
- Multiple Show Files.
- DMX Debugging.
- PC & Mac Synchronization.
- Runs all other Palm Applications.
- Much more...

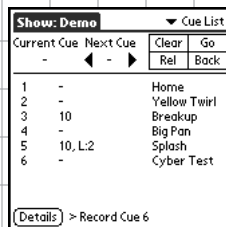

The battery-powered Sidewinder™ Virtual DMX Console provides the DMX processing and output. Plugs directly into the Palm handheld.
