

### Gigabit Ethernet Switches Designed for Portable Entertainment Production

#### Optional LCD Control Panel Module

Everything you need at your fingertips! Easily switch configurations with simple button presses. Six preset configurations: Unmanaged; Managed; Managed + DHCP; Managed + 2 VLAN groups; Managed + 3 VLAN groups; and Custom. Works with both Unmanaged and Managed GBS versions. Switch management without the support calls!

- High-quality switches suitable for all Gigabit network applications including video file transfer
- Reconfigurable! Any combination of data port modules can be moved between front and rear panels for practical gig-specific wiring.
- 8 MB buffer memory for the largest data loads
- Built for extreme conditions. Shock-mounted circuitry. Advanced thermal management.
- Fibre option via one or two heavy-duty OpticalCON QUAD connectors. OpticalCON DUO also available by special order.
- Up to 10 Gigabit Ethernet ports with tour-grade EtherCON connectors
- PoE and non-PoE versions available
- Compatible with a wide range of entertainment-specific protocols, including AES67, ArtNet, Dante, GreenGo, HippoNet, HogNet, Livewire, MA-Net 2/3, Q-LAN, RAVENNA, RDMNet, sACN, and more!
- Variable power input, 90-260 VAC, 50-60 Hz with PowerCON connector
- ProPlex "Blue Box" rugged tour-ready enclosures
